

Important Notice

DeKalb First Time Homebuyer Down Payment Assistance Program

"Housing Stimulus Bill (H.R. 3221) signed by the President on July 30, 2008, ***does not*** eliminate all downpayment assistance programs from eligibility for FHA insurance. Only those programs that are funded directly from the seller or other party to the transaction are prohibited. Downpayment assistance from family members, government programs, or charities that is not seller-funded is still permitted. Because the DeKalb First Time Homebuyer Down Payment Assistance Program is a government funded program, it is unaffected by this bill."
